2) Har Ghar Tiranga Awareness Program completed under National Service Scheme

‘Har Ghar Tiranga ’ is a campaign under the aegis of Azadi Ka Amrit Mahotsav to encourage people to bring the Tiranga home and to hoist it to mark the 75th year of India’s independence. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and to promote awareness about the Indian National Flag.

India celebrated its 75th anniversary of independence on August 13, 2022, and to mark the occasion, the government launched the "Har Ghar Tiranga" campaign as part of the Azadi Ka Amrit Mahotsav. This campaign aims to inspire a sense of patriotism in people and raise awareness of our national flag while also honoring the unsung heroes of India's freedom struggle. So, to express our enthusiasm, the NSS Unit of Rajarshee Shahu Science College, Chandur Railway, Sant Gadge Baba Amravati University, Amravati organized program at 13 August, 2022. To raise awareness of the "Har Ghar Tiranga" initiative and to make it more well-known among the people, NSS volunteers in one project went door-to-door in their area and in the villages they had adopted. They also took geotagged images on the same day of their visit for documentation, as well as a record of the number of households they visited.

7) Campus Swachhta Abhiyan program in the college was implemented by all the volunteers of the National Service Scheme

On 19/10/2022 cleanliness refers to the state of being clean. Cleanliness is a good habit which can enhance the quality of one's life. Cleanliness of all kinds carries equal weight. the basic essentials of life like food, water, shelter, cleanliness also holds great significance in life. It is, in fact, one of the most important things for healthy living. The first and foremost importance of cleanliness is that it means the absence of disease. Cleanliness helps us stay refreshed and hygienic on a personal level. Further, it lessens the chances of any viruses or bacteria to harm us. When you stay clean and keep the environment clean, you are less likely to fall ill. You can enjoy good health and lead an active lifestyle. It will keep you physically fit and also enhance your lifespan and the ongoing covid situation makes us more attracted towards cleanliness. The team NSS of Rajarshee Shahu Science College, Chandur Railway of unit had conducted many cleaning campaign in nearby places. We collected almost all the plastic garbage from our surroundings and made preventive measures and campaign to inform people about the concerns regarding cleanliness. Most of our cadets took part for making our activity successful. A lot of people in our collage neighbourhood also complimented us. In conclusion, everyone must maintain cleanliness. Whether it is an individual effort or the collective effort of the government. In order to maintain cleanliness, 'Swachh Bharat Abhiyan' was launched. We can learn from it and be a part of it. If everyone does their bit responsibly, we can make earth cleaner and greener. And we really like to thank our unit for giving us this opportunity to allow others and also enrich us with the importance of cleanliness. Nature compromised for us several times now it us who will serve our nature

Briefing of Activity

A Guest Lecture on "Journey to Space" was conducted on February 22, 2023, by the Department of Physics in collaboration with NSS. The distinguished speaker for the event was Shri. Pravin Gulhane, President of Marathi Vidhyan Parishad and Director of the National Institute of Technology, Amravati. With three decades of research experience, Shri. Gulhane shared insights into the captivating field of "Journey to Space."

The primary objective of the lecture was to facilitate direct knowledge transfer from experienced professionals to the students. The lecture commenced with an organized overview, starting from the significance of astrophysics and its practical applications. Shri. Gulhane delved into various aspects of space exploration, presenting the current scope of technologies and discussing potential opportunities for aspiring individuals. A total of 70 students from our college, along with 160 villagers ranging in age from 8 to 60+, actively participated in the session and experienced the planetary view through a telescope.

Following the informative presentation, students had a hands-on experience observing the moon, Jupiter, its satellites, and Saturn with its rings through premium telescopes. This practical aspect added a unique and engaging dimension to the overall learning experience. Ms. Snehal Shiwankar, a third-year B. Sc. student, skillfully anchored the program. Dr. A. P. Pachkawade delivered the introductory speech, Mr. S. A. Wani introduced the esteemed guest, and Dr. R. N. Bhagat extended the vote of thanks.

Briefing of activity

	<p>On the occasion of death anniversary of our founder president Late Prof. Annasaheb alias Walmikrao Jagtap, the one day free dental camp was organized by the Department of Mathematics in collaboration with Department of Zoology and SIGNature Club in association with VYWS Dental College and Hospital, Amravati on 16th January 2023 at Late Atul Jagtap Hall. A team was led by senior Dental surgeon, Dr. Smita Chore and 6 intern doctors carried out a comprehensive dental checkup on all the students from kinder garden to B.Sc. The camp was inaugurated by Former MLA and secretary of Atul Vidya Mandir Society, Dr. Virendra W. Jagtap. President, Prof. Uttaratai Jagtap, wise president Dr. Vaishnavitai Jagtap and treasurer Mr. Parikshit Jagtap were present for the inaugural of camp.</p> <p>The main aim of the camp was to provide basic dental health education to the school and college students and motivate dental hygiene maintenance. This camp was carried out with the curiosity to find out the prevalence of dental diseases in primary school children with deciduous dentition and early mixed dentition. To identify the method to motivate dental health in the young generation and activate dental hygiene for the future society. Around 257 school children from Atul Jagtap Madhyamik Vidyalay, Chandur Rly, Rajarshee Shahu English school, Chandur Rly, Rajarshee Shahu Science and Atul Jagtap Arts Junior College, Chandur Rly and Rajarshee Shahu Science College, Chandur Rly were benefited from this educative and motivating dental health camp. Out of the 257 students that were examined, 165 of them needed treatment for dental caries. Almost all of the school children needed counseling and guidance on maintaining proper oral hygiene. It was evident that the treatment needs were high in the school children and the oral hygiene seemed to be a neglected part in the school children. The motive of the dental camp was achieved to its maximum with the efforts of all the people involved.</p>
