

One activity successfully implemented based on the strategic plan

Social and Environmental Awareness:

Environmental awareness is the understanding of the environment, the effects of human behavior on it and the importance of protecting it.

The college organized seminars/workshops, expert lectures to address environmental issues. Various national and international days are celebrated for environment awareness among students. The college always encourages tree plantation. A tree plantation drive was conducted by NSS department at Duttakagram Kalamjapur. Birth anniversaries are celebrated by planting saplings in college campus. SIGNature (Student Initiative for Green Nature) organized an environmental awareness program in collaboration with NSS and other departments. On the occasion of World Ozone Day poster competition, painting competition, quiz, essay competition were organized. World Wetlands Day, Environment Friendly Rakhi Competition, Wildlife Week, Poster Making Competition and Group Discussion were organized and many environmental conservation activities were conducted. World Sparrow Day, Herbal Colour Preparation Workshop and Eco-Friendly Ganeshotsav were also conducted in college campus. On the occasion of World Health Day, the Department of Physical Education organized a 3 km and 5 km marathon in association with Women Cell and Alumina Association. Death anniversaries and birth anniversaries of great reformers are celebrated in college. Dental check-up camp, health check-up camp etc. were organized to maintain social consciousness and commitment.
