

“Awareness Workshop On Holly Colour”

This year, also 2020-21 on the occasion of “Rangpanchmi” Department of Chemistry and Eco Club was run online unique activity on Google meet on “Awareness Workshop On Holly Colour” on March 28th 2021 at 11.00 am Dr. S.S. Thakare, Principal of Rajarshee Shahu Science College Chandur Rly was the president of this programme, Dr.G.B.Santape, Assistant Professor in Zoology. Dr.M.J.Keche, Assistant Professor and Head in Botany was derived the speech on herbal holly. Under the guidance of teachers, students themselves manufactured the natural colours in very scientific way by extraction method from fresh “Buteamonosperma (Palas) flowers of the season. These natural colours were made available for the public in advance at no cost for the first time. In this way department contributed little bit in public awareness about natural colour verves chemical colours. All the staff members of chemistry department organized the event successfully.
