Seed Balls Making and Plantation Activity Report

IQAC Activity Number	
Name of Activity	Seed Balls Making and Plantation activity
Duration	21 st June to 26 th July 2021
Objective of the Activity	<ul style="list-style-type: none">• To make clean and healthy environment.• To spread greenery in minimum expenditure

Briefing of activity

Seed Balls Making and Plantation activity

The 'Seed Balls Making' activity was conducted for all the students as an initiative towards greening the environment. The increasing population is creating pressure on resources, which has resulted in many environmental problems. The forest cover is depleting and the green element of the environment is deteriorating day by day. The aim of this activity was to make the student community as well as public aware about the environment and its conservation.

The objectives of this activity were to involve students in preparing Seed Balls and distribute them among the students, teaching and non-teaching staff and NSS volunteers and to create awareness about a better environment among the public, in an innovative manner.

During 21th June to 26th July 2021, 20 students from all stream made almost 120 Seed Balls of different seeds. The Seed Balls were made by mixing soil, compost and seeds. The students were instructed by the concerned teachers about the procedure of making the Seed Balls. After making the seed balls, they were kept to dry for 24hours. The students nurtured the seed balls until the seedlings sprouted from the seed balls and transformed into seedlings.

Due to pandemic situation the students made these seed balls at their home and we requested them to plant the Seedlings in their garden or convenient and favorable areas as a contribution towards a green and healthy environment. As per the given instructions students planted the seedlings in the yard of their house or in the open area of their village. All the students were instructed to take care of the planted seedlings. Whole activity was successfully carried out under the guidance of organizer & Head of the Department Dr.R.V.Kene. Assistant Professor Ms.M.S.Palaspagar helped a lot in the organization of this activity .Whole activity was appreciated by all.
